OUTDOOR / INDOOR

CEMENTO ACIDIFICATO
ACID STAIN CONCRETE

100-150 mm | spessore
thickness

VINTAGE DI TENDENZA STYLISH VINTAGE

Deco Acidificato offre superfici uniche e ricercate, con un fascino vintage evocativo di patine consumate dal tempo. Ottenuto tramite una speciale colorazione acida, crea effetti cromatici suggestivi e duraturi. Altamente personalizzabile, si adatta perfettamente a vari ambienti, trasformando il cemento in un rivestimento decorativo impattante. Apprezzato da designer e architetti, garantisce bellezza e durabilità in spazi commerciali e residenziali.

Deco Acidificato offers unique and refined surfaces, with a vintage charm reminiscent of weathered patinas. Achieved through a special acid staining process, it creates lasting and evocative color effects. Highly customizable, it seamlessly fits various environments, transforming concrete into a striking decorative finish. Appreciated by designers and architects, it ensures beauty and durability in both commercial and residential spaces.
